THE

FIFTH QUADRANT

bubble bus software

Galatic Survey Vessel ORION is on a mission to map and explore the Hercules Cluster. The crew put themselves into **S**ustained **L**ow **E**nergy **E**xpenditure **P**rocess for the intergalactic crossing, during which ORION is taken over by aliens – ZIMEN. When the crew re-energise, they find many of the ship's systems and computers have been terminated or reprogrammed in an alien language. Can the crew regain control of ORION.
